ALPINE AGILITY OPEN

Gruppo cinofilo canavesano "il Castello"

The competition will have a limited number of places admitting maximum 330 binomials of which 6 binominals win a free ticket. To win free tickets you have the follow possibilities:

1) Participate in the 03 and 04 January 2026 Barking Tired competitions, there are four free tickets
2) Purchase tickets for the junior lottery
3) The winner of one category of Trophy Enci
   Some spots reservad for Staff

Registration for the competition must be made on website page
https://www.alpineagilityopen.it/registration-form-alpine/
within 4-5 working days you will be notified with the bank details for payment. Once the payment is received registration of the binominal will be confirmed by e-mail. We remind you that each competitor needs to be recorded on the webportal sport.enci.it, so must each single dog *and* each competing binomial (handler+dog). The competition entries will follow date and time of registration, with preference for those who will registrate for the 3 days of competition.
In case the registrations should exceed the maximum number of places, a public waiting list will be originated.
Any registered binominal, in case of inability/impossibility either voluntary or unpredicted to attend the competition will thus be able to contact and to transfer the competition spot to somebody on the waiting list.
Any competition spot transfer must be duly notified to the organizing committee at e-mail address info@alpineagilityopen.it.
The competitor who transfers his spot and the beneficiary of the same will settle the registration fee between them. Deadline for spot transfers and notifications Monday June 8, 2026.

Registrations will open on Monday March 30, 2026 at 20:00 pm.

Individual Open

Possibility to enter the individual Open Final on Sunday afternoon through 2 qualification rounds:

- Friday qualification round Open Agility
- Saturday qualification round Open Jumping

The Open qualification rounds will be run on two different rings: one for categories Small/Medium/Intermedium and the other one for category Large.

In each Open qualification the following binominals may gain access to the Final:

- the first 6 binominals of each of the categories Small/Medium/Intermedium
- the first 15 binominals of the category Large
- the winners of the Open Juniors of the categories Small/Medium/intermedium and Large.

La Individual Open Final will be composed of:

- 12 binominals category Small
- 12 binominals category Medium
- 12 binominals category Intermedium
- 30 binominals category Large.

The Open Final spot of those binominals which will qualify for the Final after the Open qualification round on Friday, in case they should also be qualified on Saturday, will move to the next binominal in the ranking of the Saturdays Open qualification round.

The Individual Open Final on Sunday will consist of a single Agility run. Only qualified binominals which are registered for the **Sundays ENCI competition** are allowed to participate to the Final. For any rules not herein mentioned please refer to the ENCI regulation.

The Individual Final Open runs will be different for categories Smal/Medium and Intermedium/Large.

Teams:

Also this year we will repeat the Teams Final which will be held on Sunday afternoon. There will be a sole Agility course with a specular run to be faced in relay mode.
Part of the run will contain the obstacles for the Small or Intermedium, the specular part will have the obstacles for Medium or Large.
The total time will sum the start of the 1st dog until the finish of the 3rd dog. In case of elimination the run has to be finished and 100 penalty points will be assigned. In case the run will not be finished the entire team will be disqualified independently of the remaining two results.

The Teams Final will admit the first 7 classified teams of the categories Small/Medium and the first 10 classified teams Intermedium/Large. The teams will consist of 3 binominals belonging to Small/Medium categories or 3 binominals belonging to Intermedium/Large categories. Each team may contain dogs of different degrees. Teams must have at least 1 dog per category

Each team member can gain points during the individual ENCI competitions (not including the Open qualification runs) on Friday and Saturday, both results in agility and jumping will be taken into account.

In case of equal result of the 5th and 6th team or beyond, all these access the Final.
The following points will be assigned::
1st 15 points multiplied per total number of competitors in the ENCI run
2nd 12 points multiplied per total number of competitors in the ENCI run
3rd 10 points multiplied per total number of competitors in the ENCI run
4th 8 points multiplied per total number of competitors in the ENCI run
5th 6 points multiplied per total number of competitors in the ENCI run
6th 5 points multiplied per total number of competitors in the ENCI run
7th 4 points multiplied per total number of competitors in the ENCI run
8th 3 points multiplied per total number of competitors in the ENCI run
9th 2 points multiplied per total number of competitors in the ENCI run
10th 1 point multiplied per total number of competitors in the ENCI run
For instance:
A team of 3 binominals competing in Medium category: A in 1st degree, B in 2nd degree and C in 3rd degree:

Agility (or jumping) 1st degree - Medium - 30 participants
Agility (or jumping) 2nd degree - Medium - 40 participants
Agility (or jumping) 3rd degree - Medium- 25 participants

Results of the team members:

- A - classified 5th in 1st degree: 6 points x 30 participants = 180 points
- B - classified 7th in 2nd degree: 4 points x 40 participants = 160 points
- C - classified 1st in 3rd degree: 15 points x 25 participants = 375 points

In this run the team has totalized 715 points. The grand total will sum the totalized points of the remaining 3 runs.
